

PROJECT LEADERSHIP

To increase the ability of families to advocate for the needs of children and youth with special health care needs, and to encourage more families to take on leadership roles.

Lucile Packard Foundation *for* Children's Health

“Our vision is that all children in the communities we serve are able to reach their maximum health potential.”

FAMILY  VOICES
of California

The voice of families

The vision of quality health care

The future for children and youth
with special health care needs
